### DETAILED ACTION

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1-28 are rejected under 35 U.S.C. 102(b) as being clearly anticipated by Rizzi et al '699; Kenneally '226; and Volpenhein '360.

The cited prior arts disclose processes for preparing polyol fatty acid polyester comprising esterifying a mixture of polyol, fatty acid ester, emulsifying agent, and catalyst under esterification reaction conditions. The prior art processes having features and characteristics as claimed. See the abstract and columns 2-5 of the '699; and columns 7-10 of the '226.

2. Other references listed on PTO-1449 have been made part of the record.
